WARRIOR ADVENTURE QUEST

Warrior Adventure Quest (WAQ) is a DA approved and endorsed program under Executive Orders for all units. WAQ is designed to recreate the adrenaline rush of combat action in a supervised, controlled, high-adventure activity, which is supervised by Family and MWR Outdoor Recreation.

WAQ instills cohesion, builds teamwork and maintains combat readiness through challenging activities. This program enables Soldiers to reach a “new stage of normal” by diminishing boredom and high-risk behavior through outdoor recreation and a Leader-Led After Action Debriefing (L-LAAD). Soldiers will be able to draw similarities between the adventure activity and their Warrior experiences. This portion will be conducted by unit leadership (Squad Leader, NCOIC, OIC, Commander, etc.).

WAQ is offered at no cost to units. Funding has been provided by the Department of the Army. All units are now eligible for participation. Non-deploying units can attend once every two years. Units who are 120 days prior to deployment or 120 days after deployment can attend during that time frame.

All WAQ activities take place during duty hours. Only available to Service Members.

WAQ is a Leader and Soldier Program designed to support the Ready/Train and RESET phases of the ARFORGEN process. The designated facilitator will need to meet with a WAQ representative prior to the event. WAQ representatives will teach the leaders how to properly conduct an L-LAAD.

The Hunting, Fishing and Sport Shooting program (HFSS) is a great resource for upcoming hunts. HFSS can find hunting opportunities in the local area with Federal, State Forestry and private hunters. The office assists with the submission for registering firearms and contact information for purchasing firearms from private citizens.

HUNTING AND SPORT SHOOTING

Hunting in Germany is steeped in customs and traditions and has often been exclusively for the upper class until the last 30 years or so. Gun ownership in Germany is a privilege, and there are strict guidelines that must be followed to own, store and fire a weapon. One way to possess a firearm is to pass an authorized hunting course that HFSS offers. A weapon license is not required to use any of the ranges. Contact Wild B.O.A.R. Outdoor Recreation for dates and times.

BOULDERING VS TOP ROPE

Bouldering is rock climbing stripped down to raw essentials. Leaving behind ropes and harnesses to use only climbing shoes and a bag of chalk over safety mats, your challenge is to climb short but tricky bouldering “problems” (a route, or sequence of moves) using balance, technique, strength and your brain.

Top Roping is a vertical ascent of a natural rock or man-made wall, protected by a dynamic climbing rope, sturdy anchors and a partner belay system.
