

# RELOCATION READINESS PROGRAM

## CLASSES & SERVICES

### NEWCOMERS ORIENTATION

An informal Meet & Greet to get acquainted and share information about community resources that will support a smooth transition. Take this opportunity to learn about your new home away from home.

### SPOUSE SPONSORSHIP TRAINING

Are you interested in becoming a sponsor for new families that come to our community? If so, join us for this wonderful training. The training allows military and civilian spouses to get hands-on training to help bring families on board to the community. As a spouse sponsor, you can be the first impression to a new family. This is a critical role, as first impressions are lasting. This class is designed to provide spouses tools, resources and vital information on how to be an effective sponsor.

### GERMAN LANGUAGE CLASSES

Increase your language skills in these conversation-based classes which are free and meet biweekly. This is a beginner German language course, which includes the German alphabet, numbers, shopping, greetings and more. After six sessions, you will be confident in your daily outings around Germany! No additional sign-ups after the first session!

### HEARTS APART

Hearts Apart is a support group for military families whose service member is or will be geographically separated due to a deployment, temporary duty assignment, unaccompanied tour or other military related mission. Services offered include on-base and off-base resource information, personal support and group activities.

### DISCOVER & DE-STRESS

Learning a new skill can help decrease stress and boredom and can be even more effective than simply relaxing. Photography is a great creative outlet for anyone to learn. The participants also gain a creative outlet to bust stress for the long-term. The intended goal is to produce positive change in individuals or families but it also includes broader social action photography techniques where the goal is to improve well-being, reduce social exclusion and create positive change at community, societal, national or international levels.

### GERMAN COOKING SESSIONS

Cooking sessions encourage members of the community to learn about and engage in local traditions. Meet new community members and build new friendships while learning traditional aspects! Sessions are currently scheduled as virtual cooking lessons; users will log into MS Teams and be able to prepare food in their own homes if desired. Ingredient lists are provided the week prior to session.

*Registration is required for all classes.*

**RELOCATION READINESS** also provides one-on-one assistance for Soldiers and Families transitioning in and out of the community. The Lending Closet offers items on loan for families to utilize while waiting for their household goods to arrive and when departing for a new assignment.
