Hunting

USAG Bavaria has one hunting area set aside exclusively for U.S. hunters. The on-post hunting area is utilized by applying in the early spring for a lottery in which the opportunity to purchase one of ten permits will be raffled. The permit is valid from May 1 until January 31 at a cost of €300. If your name is selected you will have five working days to pay the fee or the next person drawn will receive your slot. Applications are being accepted from March 1 – April 12. The on-post area is an individual driven program where the maintenance, upkeep, and feeding all handled by the permit holders with guidance from the HFSS program manager. This is a great opportunity to see how German hunters are expected to manage their hunting areas and will also present a once in lifetime opportunity to view and harvest game we would normally not see in America.

*A valid German Hunting License is required to participate in the lottery.

Fishing

We have 11 Lakes and 2 Streams where you can fish. If you need a valid license, join one of our classes. *Night Fishing* is allowed on Dickhaeuter Lake on the first Friday of each month beginning in May.
